Neurosurgeons of Cape Cod

September 17, 2018

Achilles Papavasiliou, MD
Neurosurgeons of Cape Cod
46 North Street
Hyannis MA, 02601

To Whom It May Concern:

I have known Joshua Lindauer professionally for over ten years. He provides excellent care to his patients with a goal towards getting them back to their preinjury baseline. He listens to his patients and creates an individualized treatment plan. My patients have been very happy with his care. He also knows when it is time to get the appropriate imaging and refer a patient to another provider when necessary. I refer patients to him without any reservation.

Sincerely,

Achilles Papavasiliou, MD
